

The 2016 [Families Matter: Parent Defense in New York](#) conference will be held on October 14-15 at the Albany Hilton. This is the second annual statewide conference for public defense attorneys representing parents in Family Court. Co-sponsors are the NYS Office of Indigent Legal Services, the New York State Defenders Association, and the NYS Child Welfare Court Improvement Project (CW CIP). This program is designed to enhance the defense of people threatened with losing their parental right to raise their children, and provides a great opportunity for networking with colleagues from across the State.
